

Customer No.: 31561
Application No.: 10/707,299
Docket No.: 10660-US-PA

REMARKS

Applicants appreciate that the present invention has been allowed.

However, Applicants would like to amend the errors in claims 7 and 12 to provide the present invention with sufficient antecedent basis and to avoid indefiniteness in claim language.

Applicants respectfully submit that the amendments embodied in the claims do not introduce new matters and do not change the scope thereof.

Respectfully submitted,
